surveys the studies of battering and examines the characteristics of battered women and woman batterers

now in its seventh edition this comprehensive text once again provides beginning social work students and practitioners with a  
proven time tested approach to help them understand and appreciate how to use basic evaluation techniques within their  
individual cases case level and the programs where they work program level as with the previous six editions this text is  
eminently approachable accessible straightforward and most importantly practical

a comprehensive guide to the alternative sociology originating in the work of dorothy e smith this handbook not only explores  
the basic founding principles of institutional ethnography ie but also captures current developments approaches and debates  
now widely known as a sociology for people ie offers the tools to uncover the social relations shaping the everyday world in  
which we live and is utilized by scholars and social activists in sociology and beyond including such fields as education nursing  
social work linguistics health and medical care environmental studies and other social service related fields covering the  
theoretical and methodological underpinnings of ie recent developments and current areas of research and application that

have yet to appear in the literature the palgrave handbook of institutional ethnography is suitable for both experienced practitioners of institutional ethnography and those who are exploring this approach for the first time

for those administrators with the responsibility of choosing a computer system applying computers in social service and mental health agencies suggests practical considerations about the purchase and implementation of a computer system dr slavin argues that social service and mental health agencies can use a computer system to enhance the quality and quantity of service provided to their clients pertinent issues are discussed such as the costs and benefits of competing hardware and software the contributions of the small computer and the development of systematic information systems that connect local and statewide data the book is a reliable resource that will aid wise decision making

generalist social work practice provides students with the foundational skills and knowledge needed to serve clients across micro mezzo and macro areas of practice author janice gasker brings a focus on self reflection as the first stage in the planned change process and writes with the perspective that we consider work at all levels of practice simultaneously rather than in isolation in accordance with the 2015 educational policy and accreditation standards epas set forth by the council of social work education cswe the planned change process is presented as dynamic and interactive providing students with a clear understanding of how each stage of the planned change process can be utilized at any point when serving a client system the text spotlights the distinctive characteristics of the worker their values attitudes and experiences that may influence client interaction the text also includes case studies collaborative learning exercises and critical thinking questions to help students apply concepts to practice

a planned study program of the public health service administered by the national center for health statistics

at the conclusion of the 1982 federal fiscal year the department of labor awarded grants to organization in six areas to

implement one year demonstration programs aimed at assisting the readjustment of dislocated workers these areas were alameda county ca buffalo ny lehigh valley pa mid willamette valley or milwaukee wi and yakima wa this report is a case study of the program operated in alameda county this program was combined with a program initiated by the state of california gm and the uaw to serve workers laid off from a gm assembly plant in fremont ca a comparison project was also initiated for gm workers in southgate a small industrial city in los angeles county this project is also examined in the report in alameda 90 percent of the 3181 participants came from the gm plant and in southgate all 1682 participants came from gm the participants were offered job search workshops and placement assistance through the california job service ojt and classroom training there was a heavy emphasis on classroom training with 27 and 45 percent of the participants enrolled in training in alameda and southgate respectively the projects were notable for their large size and numerous public and private organizations that worked smoothly together overall placement rates however were low 17 percent in alameda and under 5 percent in southgate although the fact that both projects continued after the end of the year long dol grant period provides a partial explanation for this outcome

usa monograph applying the concepts of functional job analysis to the job description and job classification of social work tasks in order to demonstrate how such tasks can be expressed and compared in standardized and controlled language includes a brief review of the development of functional job analysis references

archival snapshot of entire looseleaf code of massachusetts regulations held by the social law library of massachusetts as of january 2020
